

From Seed to Trees

Sowing and Growing the Gospel Message

10 DAY ROMANIAN CULTURAL and MISSION TRIP

9th to 18th May, 2016

COST: US\$750 (Land cost only)

From Seed to Trees Mission is pleased to be connected to Pastor Cristi, a Romanian Pastor with excellent English, who is also a Professional Tourist Guide.

Cristi is running a Culture & Mission Tour next year taking in the magnificent sights of Romania, including the Carpathian Mountains, Dracula's Castle and medieval monasteries. The tour commences and finishes in the capital Bucharest.

Importantly the tour also provides opportunities to minister in a country where many people live below the poverty line, particularly in rural areas. The opportunities include participating in church services and associated activities and being able to interact with and minister to locals in both poor villages and gypsy communities.

The tour therefore represents an opportunity to share with those less fortunate than ourselves as well as an opportunity to be blessed by being in a beautiful country with a rich and diverse history.
